Dear Percy:

I want to let you know that I received your letter of 14 April and am glad to hear that you and Amittai will be coming to Washington very shortly. I hope to see you then and, if you will call me when you get in town, we can arrange a mutually convenient date.

It is a pleasure to send you a copy of the talk that I made at the Edison Electric Institute Convention in New Orleans. Since my speech is not classified, you may use any part of it as you deem appropriate.

I greatly appreciate what you have said about Foster.

Best regards to you both.

Dear Allen:

Thank you for your note of April 3.

STAT

I was very interested to read about your speech in New Orleans and I would appreciate it if you would send me a copy to the above address. I am continuing to make speeches from time to time and I have avoided the use of any material I received in a confidential capacity. I would like to use however what you have cleared as it is very much to the point.

Amittai and I will be back in Washington on the 23 and it would be nice to see you again. I expect to be traveling quite a lot as I find I am almost as busy as I was when in Washington and I have gotten heavily involved in a number of things.

I was very sorry to get the bad news about Foster. He has made such a magnificent contribution already that he will go down in history as one of our greatest Secretaries of State.

Cordially yours,

PERCIVAL F. BRUNDAGE
